SISVEL

SISVEL MOBILE COMMUNICATION PROGRAM SPECIFIC LICENSE AGREEMENT – LTE

This Specific License Agreement under the LTE Patents (“LTE Agreement”), effective as of [Effective Date], is entered into by and between **Sisvel International S.A.**, a company having its principal place of business at 6, Avenue Marie Thérèse, 2132 Luxembourg, Grand Duchy of Luxembourg (“Sisvel” or “Licensor”) and [Licensee], a company having its principal place of business at [Address], [Country] (“Licensee”) (individually, a “Party” and collectively, the “Parties”).

WHEREAS, 3G Licensing S.A., Airbus DS SLC, Koninklijke KPN N.V., Mitsubishi Electric Corporation, Orange S.A. and Sisvel are the owners of certain patents, which have been determined to be technically or commercially essential for the LTE Standard;

WHEREAS, Licensor owns the right to license the LTE Patents and to grant past and future releases and covenants not to sue;

WHEREAS, Licensor claims that Licensee’s LTE Products infringe upon one or more of the claims of the LTE Patents;

WHEREAS, Licensee desires to settle the existing dispute with Licensor with respect to infringement of the LTE Patents and such settlement shall cover the past and future use of the Patents in LTE Products until the end of the Term;

NOW, THEREFORE, the Parties agree as follows:

1. Governing Terms

- 1.1 This LTE Agreement is subject to the terms of the “SISVEL MOBILE COMMUNICATION PROGRAM MASTER AGREEMENT” agreed between the Licensor and Licensee, with an effective date of [Effective Date] (“Master Agreement”).
- 1.2 All defined terms of the Master Agreement shall have the same defined meaning under this LTE Agreement unless otherwise defined herein. When referring to “Sections” or “Articles” without specification, this means a “Section” or “Article” of this LTE Agreement.
- 1.3 In the event of conflict between the Master Agreement and this LTE Agreement, the terms of this LTE Agreement shall take precedence.

2. Release, Covenant and License

- 2.1 All rights granted under the LTE Patents according to this LTE Agreement are non-exclusive, non-transferrable and limited to the use of the LTE Field and to the Territory for the Term.

- 2.2 Subject to Licensee’s full compliance with the payment obligations in Article 3 and the further obligations set forth in this LTE Agreement, Licensor hereby releases, acquits, and forever discharges Licensee and Licensee Affiliates listed in **Attachment A** of the Master Agreement from any and all claims of infringement of the LTE Patents arising out of the reported individual LTE Products Made and/or Sold before the Effective Date as per such reported royalty statement(s) attached to this LTE Agreement, if any. Licensor covenants not to sue Licensee, its successors and Licensee Affiliates as well as any downstream customers or end-users, from liability for infringement of any of the LTE Patents for Past Use. The release and covenant not to sue in accordance with this Section 2.2 are neither in force nor effect if this LTE Agreement is terminated by Licensor, where Licensor will have the right to sue and otherwise seek and obtain compensation from Licensee for any Past Use, without limitation as to the time for bringing any such suit. Licensor relied on Licensee’s ongoing performance of its obligations under this LTE Agreement in providing the release and covenant of this Section 2.2.
- 2.3 Subject to Licensee’s full compliance with the payment obligations in Article 3 and the further obligations set forth in this LTE Agreement, Licensor hereby grants to Licensee a royalty bearing license to use, Make and/or Sell LTE Products under the LTE Patents.
- 2.4 The Term of this LTE Agreement is defined by the Term of the Master Agreement. Reference is made to Article 4 of the Master Agreement for Term and Termination, which also applies accordingly to this LTE Agreement.
- 2.5 Licensee understands that it is free to negotiate releases, covenants and licenses, also for separate portions of the LTE Patents Held by one or more of the LTE Patent Owners on a bilateral basis, subject to different terms and conditions. However, Licensee wishes to obtain the release, covenant and license for the LTE Patents in a joint approach from all LTE Patent Owners at once, as subject to this LTE Agreement.

3. Payment of Compensation

- 3.1 In consideration of the rights granted to Licensee by Licensor under this LTE Agreement, Licensee shall make the following non-refundable and non-recoupable payments to Licensor (deemed subject to the definition of “Compensation”), each upon 30 (thirty) days of Licensee’s receipt of the respective invoice from Licensor:
- 3.1.1 The amount of EUR [...] (..... Euros) for Past Use covenant under the LTE Patents granted under Section 2.2; and
- 3.1.2 The royalties amount payable pursuant to Section 3.1.3 below for all calendar quarter(s) become due after the Effective Date of Master Agreement; and

- 3.1.3 A quarterly payment of running royalties for each LTE Product Made and/or Sold in the preceding quarter, the due amount for each quarter to be determined on the basis of LTE Products Made and/or Sold licensed under the LTE Patents under Section 2.3 as reported per Article 2 of the Master Agreement, under either a Standard Rate of **EUR 0.66** (sixty six Euro cents) per Product (“LTE Standard Rate”), or a Compliant Rate of **EUR 0.53** (fifty three Euro cents) per Product (“LTE Compliant Rate”).
- 3.2 All costs, stamp duties, taxes and other similar levies arising from or in connection with the conclusion of this LTE Agreement shall be borne by Licensee. In the event that the government of a country imposes any taxes on payments made by Licensee to Licensor hereunder and requires Licensee to withhold such tax from such payments, Licensee may deduct such tax from such payments. In such an event, Licensee shall promptly provide Licensor with tax receipts issued by the relevant tax authorities so as to enable Licensor to support a claim for credit against taxes which may be payable by Licensor and to enable Licensor to document, if necessary, its compliance with tax obligations in any applicable jurisdiction. The Parties commit to assist and support each other upon reasonable request of the other Party in any call for declarations, documents or details pertaining to this LTE Agreement, in order to satisfy tax authorities and to avoid the payment of any undue taxes, including but not limited to withholding tax.

IN WITNESS WHEREOF, the Parties have caused this LTE Agreement to be signed on the Effective Date.
